

# General Plan Amendment Public Meeting - Fall/Winter 2024

Do you have ideas or suggestions you'd like the team to consider as the General Plan Amendment is developed?

- Improvements between Metro A Line (Blue) Station and the Park (e.g., shade structures, seating)
- Mobility Hub (e.g., first/last mile multi-modal options, such as a bike share program)
- Park Amenities (e.g., concessions, restrooms)
- Park Infrastructure and enhancements (for example, trash receptacles, lighting, signage, etc.)
- Chinatown/State Park Station Design Inspired by Adjacent Neighborhood Culture and History
- Station Artwork (including utilization of local artists)
- Access (for example, park hours, disabled access)
- Interpretation and Education Opportunities that would Enhance the Diverse Visitor Community's Understanding and Appreciation of the Culture and History of the Park and Adjacent Neighborhoods
- Hardscape and Landscape Improvements at the Park Entrance (for example, integration of historic pavers and tree and other landscape plantings)
- LASHP pedestrian and bicycle bridge
- Additional opportunities for Park access
- Programming and coordination with Special Events
- Construction impacts

# General Plan Amendment Public Meeting - Fall/Winter 2024

Are there other topics you'd like the team to consider as the General Plan Amendment is developed?

# Los Angeles State Historic Park
